

## United Discount Leisure Travel Program

United Airlines has extend United's Discount Leisure Travel Program (myUADiscount) to United Express Employees and their pass riders. The myUADiscount program provides eligible employees, retirees, and their eligible pass riders the opportunity to purchase revenue-confirmed tickets, system-wide travel in any cabin on United and United Express with a **20 percent discount**. Discount fares can be booked on the **flyingtogether.ual.com** site under the "myUADiscount program".

The screenshot displays the United Airlines employee portal. At the top, there is a navigation menu with links for Home, Departments, Company, News, Employee Services, The Lounge, Travel, and Logout. Below the navigation, the user is logged in as SCOTT HUNTER, with a password expiration notice and a weather widget for PHX (88.0 °F). A news section features several articles, including one about MAP playing a STAR-ring role at LAX. A poll asks "What do you love about the start of a new school year?" with four options: "The kids are busy all day", "Back-to-school shopping", "I get to coach team sports", and "Lower loads for pass travel". The poll includes a "Submit" button. At the bottom, there are three promotional banners: "Ethics and Compliance", "Proudly flying Team USA for over 35 years", and "Zika Virus". A security warning at the bottom indicates that Silverlight was blocked because it is out of date and needs to be updated.
